Jeanele Davis
SCI Resources LLC

More than ever, it is imperative we understand steps to take to become effective allies. We need to celebrate both our differences and our points of connection. Through curiosity, we might discover the ways we can personally benefit from inclusion in the workplace.

During this session, we will unpack allyship – what it is and what it isn't; the pitfalls of performative allyship; and how to effectively begin our progress in an allyship journey both as an individual and as an organization.
